

the objectives

- To create an iconic attraction of national and international significance that protects and reveals the park's unique heritage and reinforces the application for World Heritage Status.
- To create a local attraction and well used resource which links, unites and fulfills Medway's needs.
- To ensure the local community continues to be a major driving force behind the project and significant beneficiaries of the transformation.
- To create a park for the twenty first century that connects with other heritage destinations in Medway and draws upon the military, domestic, tunnels, 18th and 19th century garden themes specific to the site.
- To protect and enhance the ecological value of the park.
- To create a park that is a learning, social and recreational resource for all.
- To increase use, diversify audiences and promote cultural excellence by creating an exciting events programme with major highlights for the 2012 centenary of the Royal Engineers.
- To create an environment where a wide range of activities can take place from everyday recreation to small concerts, meetings, outdoor workshops, exhibitions and larger markets, festivals and events. learning, ecological conservation and education activities in the park.
- To encourage greater use of the park to increase well-being, physical and mental health through recreation, sport and play.
